PROPOSALS

Legislation is currently pending implementation aimed at the prohibition of smoking in the following areas: public administrative offices and the meeting halls of public, semi-public and private administrations; hospitals, clinics and all other health care centres; on all public transport other than in specifically designated smoking areas; conference halls; education facilities; teaching and training facilities both public and private; and cinemas, theatres and other places in which "evening events" are open to the public. In addition, the authorities may, for reasons of hygiene, prohibit smoking in areas other than those mentioned above.
